Michelle,

Per the request in the paper for volunteers for city council and advisory committees I would like to submit my name.

Per our discussions it appears that I may not qualify for the town council vacancy as I did not register to vote until December 2011.

If registering to vote is the critical factor then I suppose I do not qualify for the town council vacancy. However if there is alternative requirement then possibly I could qualify for living here a year.

Assuming that is not an option I would like to be considered for the Safety Committee.

I would hope my participation in the temporary safety committee would illustrate by desire, commitment and capability to be a positive contributor to this committee.

I have also attached my resume highlights my leadership, management and critical thinking capabilities that will be useful to the positions for which I am volunteering.

Thank you

PS I will be out of town until mid Oct.

Should the safety committee position not be available then I would be interested in the LPA should a vacancy be available.

RE: Public Safety Committee

Dear Sir/Madam,

I would like to submit my name as a candidate to be a member of the Public Safety Committee.

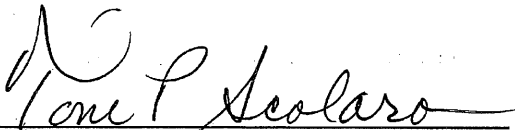

My husband Anthony and I have been property owners and residents for over 28 years. We own a condo in Gull Wing and also at the Sandarac, both on Estero Blvd. We spend six months every year at the Sandarac Condominium from November through April. We also live on Revere Beach Boulevard in Massachusetts for the other six months. There is heavy traffic on Revere Beach Blvd. and on Estero Blvd. during season but our residents and visitors are not being hit by cars here on Revere Beach Blvd. I have learned some of the reasons why and I would like to share this information with the Public Safety Committee.

The public safety is of great importance to me because most of the fatality accidents occur at our end of Estero Blvd. In fact one of our owners was hit by a car last season. We didn't think she was going to make it but after seven months she is finally coming home. Her name is Josie and she is legally blind. I have always felt that there should be pedestrian traffic lights installed where Santini Plaza is located. I also feel that the crosswalks should have better lighting on the pavement itself.

I have been President of the Sandarac II Association for two years and will be running for the Board again for the next two years. When I became President our building was in dire need of attention and needed someone that could help bring it back to its once pristine condition. I feel I have accomplished this in the past two years along with the rest of our Board. I look forward to continuing my work at the Sandarac for the next two years. My husband and I are retired from being in the construction business for over 40 years. We continue to own rental property in Everett, MA. Being a landlord helps us to understand the needs of many people.

I am a very "speak my mind, common sense" type of person and I care a great deal about the safety of all residents and visitors that come to Fort Myers Beach especially my family. I would appreciate being considered as a Public Safety Committee Member. We are scheduled to arrive in Fort Myers on October 27, 2012.

Thank you,
